Learning & Innovation Planning Page

Winter/Spring 2017

Learning & Innovation (L&I) Grants serve two purposes. One purpose is to support teams of educators working together on a common project or focus question for implementation in team members' schools. The other is to provide a forum for Learning & Innovation teams to connect multiple schools with their projects. Learning and Innovation Teams must include a principal. **Your learning team initiative should impact teaching practice and student learning.**

Funds distributed for L&I Grants shall be used only for the project as approved. All programs, materials and supplies developed through the use of monies from the L&I Grant fund shall remain the property of CISPG schools.

As a group, you may wish to examine a topic related to:

- **Assessment for Learning Practice:** e.g. Setting Learning Intentions and Criteria; Providing Descriptive Feedback; Designing and Using thoughtful Classroom Questions; Using Self and Peer Assessment; Effective Grading Practice
- **Planning:** e.g. themes, cross-curricular learning, project/problem based learning
- **Aboriginal Understandings/Worldviews**
- **Programs that support individualization and flexibility:** e.g. Words Their Way, Daily 5/3
- **Social Emotional Learning**
- **Enhanced Student Learning through Technology**
- **Inquiry**
- **Communicating Student Learning:** e.g. Fresh Grade

L&I Grant funds are primarily for release time. However, in lieu of release time, the school learning and innovation team may wish to use the funds to support the project in other ways. Grants are worth \$500 per school and will be distributed at the conclusion of the project.

- L&I Applications are due to CISPG, attention Frances Roch froch@cispg.ca by Friday, December 16, 2016.
- L&I Completion date is Friday, April 28, 2016.
- Schools are expected to match release time (or equivalent costs) with the CISPG allocation.
- All LTG applications should include the following planning page and approval from the principal.
- If you have any questions, please contact Frances Roch: froch@cispg.ca.

About our learners:

Brief description of students. Who are they? What is their experience? What is working? What isn't?

Focus/Question: *On which area will you focus? Why is this area important for your learners?*

New learning: *Two to three sentences to summarize new areas for professional learning. How will your team go about designing new learning and accessing current resources/programs/materials?*

Action Plan (please include a timeline): *What actions do you propose to take – and when?*

Evidence: *How will you demonstrate the impact of your question/focus? Did it make a difference for student learning?*

Reflections/Next Steps: *Where will your team go from here?*
