

## **Rationale**

CISPG Schools promote the formation of students in all areas of learning to educate the “whole” child. Extra-curricular activities are encouraged and promoted, giving students opportunities to develop skills, confidence be a part of a team, and to create memories as a member of our Catholic Schools.

## **Policy**

Each school principal will approve and monitor the extra-curricular student activities taking place under the jurisdiction of the school. This includes responsibility for the health, safety, discipline, and financial transactions related to these activities.

## **Procedures**

1. The principal of each school will be responsible for approving and monitoring all student activities.
2. Community coaches must complete required volunteer documents prior to working with students.
3. There is no compensation (ie. Time or stipend) for staff or community coaches who volunteer to sponsor an extra-curricular activity.
